

Department of the Navy, DoD

§ 728.41

under report control symbol DD-HA (Q) 1463(6320).

§ 728.34 Care beyond the capabilities of a naval MTF.

When either during initial evaluation or during the course of treatment of an individual authorized care in this subpart, a determination is made that required care or services are beyond the capability of the naval MTF, the provisions of § 728.4(z)(2) apply.

§ 728.35 Coordination of benefits—third party payers.

Title 10 U.S.C. 1095 directs the services to collect from third-party payers the reasonable costs of inpatient hospital care incurred by the United States on behalf of retirees and dependents. Naval hospital collection agents have been provided instructions relative to this issue and are responsible for initiating claims to third-party payers for the cost of such care. Admission office personnel must obtain insurance, medical service, or health plan (third-party payer) information from retirees and dependents upon admission and forward this information to the collection agent.

§ 728.36 Pay patients.

Care is provided on a reimbursable basis to retired Coast Guard officers and enlisted personnel, retired Public Health Service Commissioned Corps officers, retired Commissioned Corps officers of the National Oceanic and Atmospheric Administration, and to the dependents of such personnel. Accordingly, patient administration personnel will follow the provisions of subpart J to initiate the collection action process when inpatient or outpatient care is provided to these categories of beneficiaries.
